## Special Town Meeting Rescheduled For Aug. 21

### News Capsules

Police are still investigating three breaks at Washington Park apartments which were reported July 25.

Money and several pieces of valuable jewelry were taken from the residences of Nathan Masters, Mrs. Helen Peabus and Mrs. Anne Fried.

Sought are two men who rang the bell of one apartment resident the day of the thefts asking for directions to the office. The woman reported that they later drove off, headed North, without making any attempt to call at the business office.

The 13-building Washington Park apartment complex on North Main Street has been sold to Abbott N. Kahn and Isadore Wasserman of Brookline, trustees of Medland Trust.

Transferring the property were William F. D'Annolfo of Andover, Frank P. D'Annolfo of Stoneham and Michael J. Antonellis and Samuel Saitz of Newton.

Included in the real estate transaction were apartment properties in Stoneham and Melrose. The overall purchase price has been reported as \$3.9 million.

This seems to be the year of the mumps. At any rate, the Massachusetts Department of Public Health has recorded approximately 3000 more cases of mumps this year than last.

Andover statistics reflect the same trend. Board of Health figures show 63 cases reported this year between Jan. 1 and the present while only 33 cases were reported in 1966 for the same period.

Raytheon Company has received a \$4.6 million contract from Communications Satellite Corp. (COMSAT) for Ground Communications Equipment (GCE) sub-systems to be installed at four Earth stations in Hawaii, California.

### ABC Visitors

Andover's ABC boys visited their winter residence at 134 Main St. Sunday and posed for this dormitory photograph: left to right, Acoff Rosevelt of Rochester, N. Y.; Clayton White of Marshall, Va.; Mark Ayers, Springfield, Ohio; Larry Osborne, Chicago; Angel Dominguez, Brentwood, N.Y.; Daniel Diggs, Richmond, Va.; Peter Apone, Springfield, Ohio; Ellis Rowe, Miami, Fla.; Van Debose, Dublin, Ga.; and Tom Adams, Plamplen, Va. (Grabner)

### ABC Boys Are Weekend Visitors

The ten A-Better-Chance scholars who will register at Andover High School this fall spent the weekend in town getting acquainted with a few Andover families, the physical layout of the community

and the residence at 134 Main St. which is to be their dormitory. Saturday night they were guests at a cookout held at the home of Philip Wormwood, principal of the local high school. Sunday they attended church services, visited various homes for Sunday dinner and stopped by for a look at the dormitory before returning to Dartmouth College in Hanover, N. H. where they are nearing the end of an eight-week orientation program.

The boys will complete their high school education in Andover under a program sponsored by a group of citizens organized as the Andover Committee for A Better Chance. Approval for the enroll-

ment at the public school was voted at the March Town Meeting. The boys are students from urban areas who have shown an aptitude for greater scholastic achievement than is possible for them in their own communities. They have been tested and selected for ABC placement through a national program which is the outgrowth of a "talent search" organized initially by a group of prominent private secondary schools interested in achieving a better ethnic and socio-economic balance within their student bodies. In the group was Phillips Academy. Andover will be the second community to sponsor an ABC (Continued on Page Ten)

### Warehouse To Be Built In Andover-Wilmington

Leslie B. Morash, president of a pair of Boston warehouse and trucking companies, has announced that he plans to build a 100,000 sq. ft. warehouse, 50 percent of which will be located in Andover.

The distribution center will back up to a railroad siding in Ballardvale, but will have its main entrance on the Wilmington side of the line.

The building, which is to be owned by Service Warehouse Co. of 50 Midway St., Boston, will be used primarily for the dispersing of Palmolive-Colgate products to retail outlets throughout a five-state New England region, Morash

explains that the national manufacturer will ship directly to his warehouse where loads will be split and products assembled for re-shipment. A 1967 opening is anticipated.

Service Warehouse now handles Palmolive-Colgate business out of its Boston facility but the account has grown beyond the company's capability to service it there. The firm also distributes for a number of other national manufacturers.

The warehouse and trucking official, who is a resident of Stoneham, says two years of study went into selection of the building site. Though approximately one half of the warehouse will be this side of the Andover line, the company owns only 3.4 acres of land in this community. The building will be served by Wilmington utilities.

The company will staff the warehouse with six employees initially. Morash's warehouse company presently employs 30 people at its Boston facility and his trucking company, W. F. Buckley Co., employs another 30.

### School Is Key Item

### Water, Sewer Requested For New Industry

The proposal of the Bancroft School building committee for construction of a new South-end elementary school and a request for a \$1 million extension of water and sewer lines into the Lowell Junction industrial zone will be the key items presented for public approval at a Special Town Meeting, now scheduled for Aug. 21 at 8 p.m. in Memorial Auditorium at Andover Junior High School.

The Selectmen met Monday to approve an 18-article warrant and move the date for the meeting forward one week, from Aug. 28. Preparation of the school proposal has progressed to the point that an earlier meeting is possible and the need for the building is considered so critical by school officials that the addition of even seven days to the construction schedule is expected to prove an advantage.

The article proposing extension of municipal utilities into the Lowell Junction industrial zone became of prime importance this week after it was learned that a large New England based consumer-industry is discussing location of a major facility in Andover.

A source close to negotiations reported Wednesday that the devel-

(Continued on Page Two)

### Developer Gives Town 24 Acres

Close cooperation by Frank Catalano, subdivider of "Horn Bridge Estates", with the Planning Board and the Conservation Commission has resulted in a gift of approximately 24 acres of prime conservation land to the Town's Conservation Commission.

"Andover's special development section of the zoning-by-law, which permits some flexibility in minimum lot size and in the siting of new houses, was used to preserve two parcels of green area in the new development, and it is these that have been deeded in trust to the Conservation Commission.

The first parcel of about 16 acres lies along the east bank of the Shawsheen River running from Central Street to the Girl Scout land. The Andover Village Improvement Society owns the land on the opposite bank of the Shawsheen so that this portion of the river bank is new well protected.

The second parcel of about eight acres also abuts Girl Scout land and provides a strip of green belt separating existing houses on Abbott Street from the proposed new development. Together, they make a substantial contribution to the Town's open space program.

# SPECIAL MEETING

(Continued from Page One)

opment looks certain and that an official announcement can be expected next week.

Discussion of long-range plans for improvements in the Lowell Junction area which would spur industrial interest have been underway for some time, but the question is coming before a Town Meeting sooner than expected because of the prospect of an important addition to the town's industrial base.

The summer warrant is longer than those usually scheduled for special meetings and includes several significant proposals.

Requested are the following:

**Article 1.** - A \$1.8 million appropriation for construction, original equipping and furnishing of the Bancroft School.

The sum to be voted will be altered on the floor of Town Meeting to agree with that of the acceptable low bid received on Aug. 18. Contract bids were originally scheduled to be opened on Aug. 17, but the opening has been delayed a day to give contractors the additional time for study of the specs and sub-bids, due to be opened on Aug. 14.

Town Manager Richard Bowen reports that so far about 15 general and sub-contractors have shown an interest in submitting bids for the school job. Specifications were made available to them this week.

**Article 2.** - Approval is sought by the Selectmen for a provision in the General Laws which would permit the town to tow illegally parked motor vehicles from the street.

PAUL  
UPSON  
R. Ph.

In A Word . . .

Dandruff . . .

Although dandruff—seborrheic dermatitis as the physician knows it—does improve somewhat in the summer, those of us who are sufferers have it all year round. Dandruff is a chronic condition, one that cannot be cured. It isn't contagious but its true cause is not yet clear. Some say it's an infection caused by a certain strain of bacteria found on the scalp. Others say it's the improper functioning of the scalp's oil glands. Whatever the reason, the best we can do is to keep in under control.

The most accepted treatment is the regular use of a good medicated shampoo.

CALL 475-2590

**Article 3.** - A request for an appropriation of \$300,000 in additional funds for completion of the senior high school building project.

This school has a long history. Initially, the building committee asked for \$4.4 million for the new school. This figure was shaved to \$4.2 million in advance of a 1964 Town Meeting at the request of the Selectmen and Finance Committee, and voters lopped another \$300,000 from the total by calling for elimination of an auditorium.

Bids for the school came in well over the \$3.9 million appropriated, however, which prompted the building committee to ask for an additional \$700,000 after approving a number of economies.

The request now is to make up shortages in the equipment fund, which was apparently underestimated by both school officials and the architect, to add items which the building committee now feels are necessary and to submit for voter consideration some items which were deleted from the original proposal during the various stages of seeking economies.

The price tag total for all items on the high school equipment list is \$408,982. The building committee, however, has just \$62,000 in its equipment budget and \$55,000 in a contingency fund which can be used to help solve the problem. This leaves a balance of \$291,982.

Included in the request are three items deleted from original plans - \$21,000 for curbing, \$35,000 for a fieldhouse and \$39,200 for hard panel gym partitions. Items sought which were not part of the original plans are: \$36,000 for fencing, \$50,000 for books; \$60,982 for equipment and furnishings; and \$50,000 for improvements to playgrounds left in an unsatisfactory condition by the bid contractor. (A settlement on this latter item is still being negotiated, but meanwhile existing conditions must be corrected.)

## Fin Com OK's School Article

The Finance Committee has already given unanimous approval of the Bancroft School article for the warrant, but there is some question about whether or not the financial watchdogs will OK the \$300,000 addition to the senior high school building fund.

Chairman David Thompson confirmed Wednesday that some members of his board have said that they oppose the added appropriation. The committee has not yet, however, examined an itemized breakdown of the request, he said. A look at the items included might swing some votes.

The Finance Committee must approve all money articles submitted to a special town meeting.

**Article 5.** - \$50,000 from available funds for acquisition of land on Osgood Street owned by John M. and Elizabeth W. Forbes, for a West Andover school site.

**Article 6.** - \$80,000 for the preparation of preliminary plans for an addition to the West Elementary School and for a new elementary school in West Andover.

The Selectmen and the manager have asked the School Committee to justify its preference for immediate construction of a new school rather than an immediate addition to the present school. This the committee is prepared to do by re-submitting figures to show that a 12 room addition would not solve the classroom shortage problems in West Andover.

Before Town Meeting, however, school officials may state that they are prepared to build a larger school in West Andover than originally requested in order to eliminate the need for additional buildings there in the future. The unwritten policy of requesting 24 room elementary schools is now being re-examined.

**Article 7.** - Would permit the combining of new police and fire stations, covered by previous appropriations.

**Article 8.** - \$20,000 to make up a snow removal shortage.

**Article 9.** - For a transfer of \$14,000 for interest on funded debt and temporary loans in an-

## Com OK's chool Article

The Finance Committee  
already given unanimous  
roval of the Hancock  
ool article for the warrant,  
there is some question  
ut whether or not the  
nancial watchdogs will OK  
\$300,000 addition to the  
ior high school building.

Chairman David Thompson  
firmed Wednesday that  
e members of his board  
e said that they oppose  
added appropriation. The  
mittee has not yet, how-  
r, examined an itemized  
akdown of the request, he  
d. A look at the items in-  
d might swing some  
es.

The Finance Committee  
st approve all money  
cles submitted to a special  
n meeting.

Article 5. - \$50,000 from avail-  
funds for acquisition of land  
sgood Street owned by John M.  
Elizabeth W. Forbes, for a  
t Andover school site.

Article 6. - \$80,000 for the  
paration of preliminary plans  
an addition to the West Ele-  
ary School and or a new ele-  
ary School in West Andover.  
e Selectmen and the manager  
asked the School Committee  
ustify its preference for im-  
iate construction of a new  
ool rather than an immediate  
tion to the present school. This  
committee is prepared to do by  
submitting figures to show that  
room addition would not solve  
classroom shortage problems  
est Andover.

efore Town Meeting, however,  
ol officials may state that they  
prepared to build a larger  
ol in West Andover than ori-  
ly requested in order to eli-  
the need for additional  
lings there in the future. The  
itten policy of requesting 24  
n elementary schools is now  
re-examined.

## Foster Pit Permit Revoked

With a 3-1 vote, the Board of  
Selectmen revoked Monday the  
permit of the Northeast Sand and  
Gravel Co. of Boston for operation  
of a gravel pit on land owned by  
William Phillips Foster of 96 Cen-  
tral St. and John F. Foster.

Selectman Sidney P. White  
opposed the revocation which was  
moved by Robert A. Watters and  
supported by Roger Collins and  
Chairman Philip K. Allen.

Action was taken on the recom-  
mendation of Building Inspector  
Arthur Peatman who has respon-  
sibility for inspecting Andover pits  
to see that they are operated ac-  
cording to a set of stiff rules and  
regulations drafted a few years  
ago by the Board of Selectmen.

In a letter dated July 31, Peat-  
man told the Board that a check  
of the pit on that day showed the  
operators had made no attempt to  
correct what he considered

dangerous conditions since notifi-  
cation on July 26 that a particular  
cut was too high and did not meet  
town specifications.

Selectman White urged some  
delay in final action and reported  
that work to correct the violation  
was underway when he stopped by  
the pit enroute to the Monday  
evening meeting. He said Foster  
had had only two work days since  
the initial notification during which  
he could have made an effort to  
comply, and he objected to  
revocation of the permit because  
"we could impose serious financial  
hardship."

Pressing for immediate action,  
Selectman Watters reminded the  
board that it had warned Foster  
the last time there was difficulty  
over his pit that the permit would  
be revoked if further trouble was  
reported. He said the operators  
were guilty of "flagrant

violations" of gravel regulations.

Both Roger Collins and Chair-  
man Allen expressed the opinion  
that further warnings would be  
useless and that action was neces-  
sary. Allen told White that over  
the years since adoption of the  
present gravel pit rules the board  
had spent more time considering  
problems with the Foster pit than  
all the others in town put together.

Stepping down as chairman for  
a moment, Allen went on to say:  
"The reason we have these rules  
and regulations is because there  
are some people like Foster...  
We have had trouble with him  
before... I for one am sick and  
tired of it."

Watters added that he felt  
the board would be doing a dis-  
service to the people in the area  
of the Foster pit if it did not act.

Foster will have the option of  
applying for a new permit when  
his operation can meet town  
standards. A public hearing will  
have to be held when and if such  
application is made.

## Five Bankers Promoted

S/R Paul J. Kelley

### Seaman Is USN Graduate

Seaman Recruit Paul J. Kelley,  
19, USN, son of Mr. and Mrs.  
Hubert J. Kelley Jr., of 21 Harding  
St., has graduated from nine weeks  
of Navy basic training at the Naval  
Training Station, Great Lakes, Ill.

His training was highlighted by  
participating in mid-America's  
"Salute to the Flag" ceremonies  
held at Soldier Field in Chicago.  
He was one of the more than 10,000  
Navy men who formed a human  
"Living Flag" in honor of all men  
and women who are, or have been,  
in the U. S. Armed Forces.

During his training he studied  
military subjects and lived and  
worked under conditions similar  
to those he will encounter on his  
first ship or at his first duty sta-  
tion. He also received instruction  
in seamanship, survival techni-  
ques, military drill and other re-  
lated subjects.

The word, canoe, comes from  
kanawa, the Carib Indian word for  
their dugout that was 60 feet long,  
8 feet wide, carried two masts and  
50-60 men, the Massachusetts Au-  
dubon Society tells us.

The Merrimack Valley National  
Bank last week announced the pro-  
motion of five men, two of them  
Andover residents.

Edmund J. Cote Jr., George F.  
FitzPatrick and David B. Wood-  
worth were promoted from vice  
presidents to senior vice presi-  
dents. David MacDonald Jr. was  
promoted from assistant vice presi-  
dent to vice president and John  
A. Craig was promoted from as-  
sistant cashier to assistant vice  
president.

David MacDonald Jr. is a gradu-  
ate of Pynchard High School and  
the School of Bank Public Rela-  
tions and Marketing at North-  
western University. He joined the  
staff of the Merrimack Valley  
National Bank in 1953, was elected  
assistant cashier in 1959 and pro-  
moted to assistant vice president  
in 1961. He resides at 81 Chest-  
nut St. with his wife and their two  
children.

David B. Woodworth is a gradu-  
ate of Mt. Hermon School and  
Yale University. He joined the  
Merrimack Valley National Bank  
in 1960 as assistant cashier and  
was elected assistant vice presi-  
dent in 1962. In 1964 he was  
elected vice president. Woodworth  
lives at 22 Wolcott Ave., with his  
wife Helen and their 4 children.

Craig, a graduate of Pynchard  
High School in Andover is a gradu-  
ate also of Bryant Stratton Busi-  
ness School and the School of  
Banking at Williams College. He  
has been with the Andover bank  
since 1953 and an assistant cashier  
since 1965. He and his family are  
residents of Georgetown.

Edmund Cote is a resident of  
Salem, N. H., and FitzPatrick lives  
in North Andover.

ANDOVER AND NORTH ANDOVER CAMPERS whose cabins are in "Blackfoot Village" at Camp Lawrence on Bear Island, Lake Winnepesaukee, N. H., are, from left to right, seated: Louis Fish, Peter Zussman, Curt Brimblecom, Bruce Greenbaum, all of Andover; Charles Dillon and Peter Boynton, both of North Andover. Standing, all from Andover: Michael Maren, Philip Iannazzo; Mike Hartrick, first year counselor-in-training; Peter Retelle, Randy Gross and David Wolf.

## Andover Teens Equip A School

Because of the generosity of a group of Andover teen-agers, a new rural school at El Sombrito in Guatemala is freshly supplied with standard CARE school kits.

Last summer a number of young people organized a series of warm weather dances which were held at Andover High School through cooperation of the school department. The funds raised at these affairs were donated to CARE Inc.

Just this week there came word from Robert M. McCullom of CARE about how the money has been used. Explaining that such school equipment as pencils, paper, chalk, crayons and erasers are not supplied to teachers and pupils by the government in Guatemala, the field representative said these supplies are scarce in low income rural areas.

But the School in El Sombrito now has the following CARE equipment because of the support of the "Teen-agers of Andover": a first aid kit, a physical education kit, a classroom equipment kit for the teacher and a classroom supply kit for the children. The medical kit, McCullom re-

ports, has a value beyond its obvious use in first aid. It has educational value in that it helps to teach hygiene and the proper care of wounds. The physical education kit (which contains a volley ball, basket ball, soccer ball and four hand balls) can also play a part in the education of these children. Through supervised recreation they can learn to cooperate in group activities.

The CARE spokesman said in his letter to the Andover teens that the people of El Sombrito have shown a genuine interest in the education and future of their children. They

organized themselves into a committee to construct the school, donated the site and furnished all the locally available building materials as well as the unskilled labor.

Until construction of the school, there had never been any education provided in the village. Among those helping to erect the building was the young teacher supplied by the government. He started classes in village homes during the construction period and worked with the men on weekend to complete the school.

## Over-60 Trip Is Arranged

Details of a trip to Strawberry Banke, N. H., sponsored by the Andover Council on Aging, are now available.

The outing is for Andover residents who are 60 years of age and over, and their friends.

On Aug. 10 buses will depart from Central School (note change

of place) at about 9 a.m. The group will stop at a restaurant along the way where a variety of foods at varied prices will be available. Each person is to pay for his own lunch.

Transportation has been arranged for \$1.50 per person and an entrance fee of \$1 at Strawberry Banke.

Reservations are necessary and must be made by 4 p.m. tomorrow, Aug. 4, with Mrs. David Nicoll in the Veterans Services office at Town Hall.

Standing are Paul Barry, Alan Sherrard, Edwin Gaynor and John Peterson.

## Educator Critical Of Schools DASA Forms Subsidiary

Speaking Monday to the Andover Summer Session at Phillips Academy, John Holt, teacher and author of *How Children Fail*, asserted that "schools do us more harm than good". Holt, whose book the New York Times called "possibly the most penetrating, and probably the most eloquent book on education to be published in recent years," continued his point by saying that schools fail children because of our major premise that the young must absorb a certain amount of knowledge.

Holt himself maintained that the only thing a student must be taught

is what he cares about, but that schools are presenting only what they are interested in. The author defined the purpose of school as "assisting a child to pursue what he is interested in", also saying that children can teach themselves to read when they are ready.

One of the questions asked the guest speaker was "how does any child know he wants to study music or art, for example, if he is not first exposed to it and given the materials to decide. Holt replied that the creation of a visually stimulating environment is the first step and again stressed using the child's initial curiosity to lead him into learning about a subject.

Holt, a graduate of Phillips Exeter and Yale, was critical of college "prep" schools for creating hurdles to be crossed to get to Harvard and Yale. He singled out the teaching systems of Newton and Shaker Heights, Ohio as places where a man of his own convictions could happily teach. The author was formerly chief psychologist of the Child Care Clinic at St. Luke's Hospital in N. Y. and has taught English, French, and mathematics in elementary and junior high schools.

### Seaman In Singapore

Seaman Richard D. Abbott, USN, son of Mr. and Mrs. Richard W. Abbott of 8 Howell Dr., serving aboard the light guided missile cruiser USS Providence, recently departed Singapore after completing a three-day goodwill visit.

While in Singapore, the crew was given an opportunity to visit ships of the Royal Navy at the naval base where the Providence was moored.

Also during the ship's stay, hundreds of special visitors were welcomed aboard the Providence for guided tours.

Providence is flagship for the Commander of the U. S. Seventh Fleet and is homeported at Yokosuka, Japan.

CALL 475-1943 FOR OUR AD TAKER

DASA Corp., of Andover and Iwasaki Ltd., of Tokyo, Japan have formed a joint-venture company in Japan to produce and market automatic telephone dialers and data communication equipment.

DASA and Iwasaki each own 50% of the new independent company, which is called Iwasaki/DASA, DASA President Richard S. Leghorn and Homer R. Oldfield Jr., senior vice president, are on the board of directors.

Iwasaki is the largest producer of telephone instruments for the Nippon Telephone and Telegraph Public Corp., the Japanese equivalent of the Bell System, Japan now has more telephones than any country outside of the United States, and rate of growth of telephone installations in Japan is the highest in the world.

Iwasaki/DASA is the first company in Japan devoted to production of automatic telephone dialers and data communications equipment. It is licensed to manufacture and market DASA's Magicaal dialers and Datacall data handling equipment. In addition, the company will produce a new series of combined telephone/automatic dialer instruments under license from DASA. The principal direct markets for Iwasaki/DASA's products will be the Japanese telephone and data processing industries, although Iwasaki/DASA is licensed under DASA's patents in other countries such as Taiwan, South Korea, and the Philippines. Iwasaki/DASA will also manufacture and furnish certain special products to DASA in the United States and to DASA's distributors throughout the world, the announcement said.

Blackpoll warblers weighed 21 grams in Massachusetts and after flying 750 miles to Bermuda, their weight was 17 grams. They used one third of their fuel, indicating that they could fly non-stop on to South America, the Massachusetts Audubon Society reports.

William C. Tarbox

## Eagle Is Scout Host

William C. Tarbox, 17, son of Mr. and Mrs. Fred S. Tarbox, 18 Cutler Rd., has been selected to be a member of the special host corps at the XII World Jamboree of Boy Scouts.

Tarbox is entering his senior year at Andover High School and is a member of Explorer Post 77, sponsored by the Fishermen's Club of West Parish Church. He is also active in Pilgrim Fellowship, DeMolay, track and baseball.

The host corps is made up of Eagle Scouts who will be assigned to each troop or patrol from a scout association of another country. Most of these scouts will have the knowledge of at least one other language or are studying the language of the group to which they will be assigned. They will assist in the reception and orientation of the visiting scouts.

The jamboree began Tuesday and will continue through Aug. 9 at Farragut State Park, Idaho. About 14,000 scouts from nearly 100 countries are attending.

North Essex Council, Boy Scouts of America, will also have three Boy Scouts as part of the contingent of the United States: Wesley Shattuck, Eagle Scout Troop 72, Free Church; Edgar Rossig III, Eagle Scout Troop 73, South Church; and John Danforth, Eagle Scout Troop 77, Fishermen's Trust, West Parish Church.

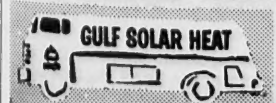

### UNIVERSITY OFFERING MANAGEMENT COURSE

Theory and practice are to be blended in an eight-week course to help businessmen learn new management techniques.

Boston University will offer "Management Concepts in Practice," an eight-session, 20-hour course scheduled for each Monday from Sept. 18 to Nov. 6. Each meeting will run two and one-half hours beginning at 7 p.m. and will be taught by Dr. Robert Stich, associate professor of management College of Business Administration. The course, which covers topics including "Defining Business Objectives," "Organizing for Growth," and "Managing an Executive's Time," is designed for managers with at least five years experience.

gravel from lands being subdivided for development.

## New Agency Locates Here

On Aug. 1 Frank J. Emmett of Andover opened a subsidiary of International Personnel Service at 20 Central St.

Emmett is vice president and general manager for the personnel hiring and placement agency.

IPS has a large list of clientele companies for which it recruits management personnel in the junior and senior levels. The company also serves as a placement bureau.

Emmett, a native of Newark, N. J., came to Andover in 1952 as vice president in charge of marketing for Tye Rubber Co. which has since become a division

of Converse Rubber Co. After 12 years he left to work for the Endicott-Johnson Co. in Endicott, N.H. as general manager of an operating division.

He and his wife make their home

at 92 Abbot St.

In the past 10 years a Massachusetts instrument manufacturer has introduced some 140 new products, averaging better than one new product a month.

## Editorial Comment

## The Answer

The Long Hot Summer will end. Law and order will be restored in our urban ghettos, as it must be, and the feverish study of the cause and cure for racial anarchy and insurrection will slow to a more normal pace.

Most Americans will forget the terror of recent weeks as the rioting subsides and indulge in personal absolution, shifting the blame for what has happened onto the Black Powerists, the politicians, the communists, negligent churchmen etc.

There is urgent need for immediate, enlightened short-term action to quiet the bitter restless Negroes whose discontent is being fed by firebrands within the Negro community. It is urgent, too, that Negroes themselves be involved as never before in working toward elimination of conditions that have had such a damaging effect on the pride of black Americans and upon their ability to keep faith in the ultimate effectiveness of democratic institutions created for the express purpose of guaranteeing equality and justice.

Quick measures can end the current crises, but they will not wipe away the deep-seated fear, hatred, distrust and despair that are at the root of this country's racial problems. Every American who is willing to face facts can see that for himself.

The long-range answer lies in national re-dedication to the ideals of the Bill of Rights and the Constitution and in personal, day-to-day commitment to the same principles.

## What Our Readers Say

To the Editor of the TOWNSMAN:  
In your issue of July 27th, you ask three questions, "Is it a Castle, barn or Fort Apache?" of course, I refer to the design for the new Bancroft school. In my opinion, it will be a monstrosity. The members of the five municipal boards involved as to acceptance of these plans, should forthwith tell Mr. Willan D. Warner to take these plans to Disneyland or better still—outer space - way out.

L. M. Thompson  
19 Chandler Cir.

To the Editor of the TOWNSMAN:  
Your July 27 editorial entitled "First Things First" calls for a correction. Your first paragraph says, "Officials of all the municipal boards and committees directly involved with the planning, financing and construction of a public school in Andover met as one for the first time in history this week to jointly consider the Bancroft School proposal which is to be presented to the townspeople next month."

Like so many others, you are a new resident in the community and no doubt you have listened to others like yourself tell you what has gone on in the past. The fact of the matter is that like yourself they don't know what has gone on in the past.

It has been my pleasure to have lived my entire lifetime in the community and to have served as a member of the school committee for the past thirty-six years and also to have served for twenty-two years as a reporter assigned to covering Andover. I can tell you that the old boards under our old system of government sat down together on numerous occasions to confer on schools as well as other town projects and problems. They did it when the Junior High School and Memorial Auditorium-Gymnasium was built thirty years ago and many times since. I'm sure that they also did it long before my time.

This is not some new idea developed by the town manager system. It is an old practice and a good one, perhaps even better under the old system because most of the boards were elected by the people and responsible only to the people. Members had no fear of offending those who had appointed them. They did not have to agree with the appointing power. They were not shackled by it.

I get the inference from your editorial that matters of unimportance were discussed at the meeting July 24. I think that it was

an excellent meeting. I think that we should have more of them. I would be glad to hear from more members of these boards. Let's get away from this dictatorial sphere in which we have been living these last few years. Let's find a way to get a little more participation from more people, more people who are not shackled, more people who can represent the voters and not those who appoint them.

William A. Doherty  
15 Chestnut St.

To the Editor of the TOWNSMAN:  
The Negro vandalism, dreadful though it is, is not the worst calamity to happen in America, the few negro revolution leaders, are carefully observed and when they step beyond the line of reason the Government will handle the situation. I have the greatest respect for Sen. Edward Brooke, for whom I voted. He will offer some plan to cope with the Negro hoodlums. Mr. Wilkins who presides over N.A.A.C.P. and did a remarkably good job in Boston recently at the convention, has the situation under control. There are many Americans who oppose the Black Power, there are many whites who oppose White Power, but the power we are all hoping for and soon is the power to win the war in Vietnam, so that we can go to war against American city poverty. So for that day, let's all be Americans now and put your shoulder to the wheel for victory in Vietnam - God save America.  
R. V. Deyernmond  
91 Elm St.

To the Editor of the TOWNSMAN:  
Congratulations on a frank, courageous editorial endorsing Congressman Brad Morse and associates for urging a sixty day cessation of bombing of North Vietnam. It certainly is time for us to face up to realities and it is nice to know you are carrying on the leadership responsibilities typical of our American newspapers.

You may be interested in knowing that "U. S. News and World Report" of July 31, 1967 reported, page 42: "Military experts now believe that North Vietnam could continue to fight almost indefinitely so long as the bombing continues at the present level." Obviously the stepped up alternatives to Brad Morse's suggestion are mighty unpleasant to contemplate - and all this without a declaration of war.

Again, thanks for that fine editorial.

Arthur Neumark  
90 Elm St.

## 75 Years Ago - August, 1892

E. E. Trefry, clerk at J. H. Campion & Co. grocery store is having his vacation and has been at Salisbury Beach with his family.

Inquiries are coming as to where some of those "several flags" are which the Democrats were going to rise after the nominations.

The only persons who seem contented with the decidedly oppressive weather we have been experiencing are the soda and ice cream dealers, who have been reaping a harvest.

Thomas Murphy has opened his new store in the Sweeney building on Central Street. He will continue his Main Street place at the same time. The former place will contain a restaurant, where regular and transient boarders can be accommodated and he will also have rooms to let. A handsome new soda fountain has been placed there and the whole place neatly arranged.

## 50 Years Ago - August, 1917

Loam given away, in centre of town, free for the hauling.

Don't rush for your coal. That's what makes the shortage and high prices. You force the dealers into the market in large numbers and they actually bid against each other - that always makes high prices.

Miss Annabelle Richardson has been enjoying the week at Hampton Beach.

Clan Johnston has furnished its quota to the allied ranks and be-

## Down the Years with The Townsman

sides the twelve who have enlisted, several former members are also over at the front somewhere in France, while one, Cpl. William Rae of the Black Watch was killed soon after taking his place in the trenches.

Someone said Tuesday night that he felt 10 degrees cooler after eating a sherbet at Ye Olde Abbot Homestead Tea Garden, and some one else sitting under the old elm Wednesday afternoon said that she felt the first breeze of that hot, hotter, hottest day. Moral: it is worth while to frequent the Tea Garden. "Tim" and Miss Mexico and Mistress Mary will give you greeting.

## 25 Years Ago - August, 1942

Mrs. Julie S. Musk, a member of the School Committee since 1939, has resigned. Mrs. Musk, with her husband, George Musk, has recently moved to Maine and she has accepted a civil service position there.

The local school committee, at a special meeting Tuesday, following the mandate given it by a better than three to one vote at town meeting, voted "to rescind the action previously taken regarding the closing of the West Center, Bradlee and North schools, the changing and elimination of certain bus

schedules and the elimination of noon-hour supervisors."

Appletree Lane in Precinct 6 will continue to have its mail delivered by RFD instead of by regular carrier, according to a decision of the first assistant postmaster general.

Our congratulations this week to Mr. and Mrs. Penry C. Wilson of Park Street, who celebrated their Golden wedding anniversary last week.

10 Years Ago - August, 1957  
Sylvanna-Corning Nuclear Corp. which holds an option on West Andover property, will discuss its future here with the Selectmen late in September.

Residents of Cuba Street area have asked the Selectmen to raise the old Indian Ridge School, now in disuse but still standing on the grounds used this season as a municipal playfield by the Andover Recreation Committee.

Mr. and Mrs. Penry C. Wilson of Park Street have observed their 65th wedding anniversary.

Mr. and Mrs. James Stewart and their family have returned to their home on Virginia Road after enjoying a pleasant camping vacation at White Lake State Park, Tamworth, N. H.

Mr. and Mrs. William MacCausland and children of Woburn Street and Virginia Neunzer of Woburn Street have returned from a motor trip to Prince Edwards Island, where they visited relatives.

## Memorial Hall Library

## A Reminder

The main reading room is open during the months of July and August from 10 a.m. to 9 p.m. Monday to Friday and the children's room is open from 10 a.m. to 5 p.m. on the same days. The branch library in Ballardvale is open as usual, Monday and Thursday, from 2 to 5 p.m. and from 6 to 8 p.m. Summer hours will be in effect until early September.

## English Visitor

Miss Sheila Taylor of England, who spent the 1953 to 1954 year on the staff of Memorial Hall Library, has been renewing old friendships. She spent the last week of July with Miss Miriam Putnam, librarian and Mrs. Harriet Gilcreast, formerly on the staff of Memorial Hall Library.

## Tape Recorder

The library has a tape recorder which is now available for loan to citizens and groups in Andover. The machine is a Wollensak Tape Recorder and will be let out overnight. (Memorial Hall Library will not be supplying the tapes to go with the machine). Inquire about it at the desk as you come in.

## Meeting Rooms

Memorial Hall Library has three rooms which are open to responsible, non-profit organizations and groups in Andover. One is the hall, which has a seating capacity of about 100 to 120 people; the other two are the trustees room, at the top of the stairs, which has a seating capacity of 15 or so, and the Red and Gray Room, which has a capacity for some 40 people. Reservations can be made by contacting Miss Putnam, director, or A. J. Anderson, associate director. The rooms or the Hall can be booked for the year if necessary.

## Pamphlets

One of the most frequently overlooked sources of valuable information in Libraries are pamphlets. Memorial Hall purchases and receives free thousands of pamphlets dealing with every conceivable and inconceivable topic. The pamphlets are arranged by the Dewey decimal system and are to be found at the back of the main floor, near the audio-visual room. Pamphlets, being made of soft covers and being quite thin, do not stand up well and so they are kept stacked together in such a way that their titles do not show. There is an index to the pamphlet holdings of the library at the extreme right end of the card catalog. The reference librarian would be pleased at any time to go over the contents of the pamphlet file.

## New References

A reference book is defined as one which is intended to be consulted not read through. Reference books are selected with a view to representing all levels and diversities in the social, cultural, political and economic structure. A good reference collection should be able to satisfy the requests of all the library's users - the professor,

the professional researcher, the housewife, the inquisitive child, the blue collar worker, the hobby rider, the civic leader, the high school pupil, everyone in search of information. Encyclopedias, almanacs, indexes, directories, are staples in the reference collection. Recent acquisitions in the reference collection of Memorial Hall Library include:

Hawes - THE NEW AMERICAN GUIDE TO COLLEGE

ENCYCLOPEDIA OF CAREERS AND VOCATIONAL GUIDANCE, U. S. Dept. of Health, Education and Welfare - DIRECTORY-POISON CONTROL CENTERS.

Whalen - HANDBOOK OF SECRET ORGANIZATIONS.

McKay - THE MACMILLAN JOB GUIDE TO AMERICAN CORPORATIONS FOR COLLEGE GRADUATES, GRADUATE STUDENTS, AND JUNIOR EXECUTIVES.

Ebony - THE NEGRO HANDBOOK.

Grossman - GROSSMAN'S GUIDE TO WINES, SPIRITS, AND BEER.

Duxbury - BASEBALL REGISTER.

Lord - CIVIL WAR COLLECTOR'S ENCYCLOPEDIA.

## NEW BOOKS

Fiction

Miller - I DON'T NEED YOU ANY MORE.

## Elsewhere

The week beginning Monday, Aug. 7, will bring Myrna Loy to Falmouth Playhouse in Neil Simon's comedy hit, "Barefoot in the Park," the longest running play on Broadway this season. Myrna Loy, as star of the National Company, has been breaking box office records with the play for two years.

Donald Brooks' smashing, award winning collection of fashions for fall 1967 will be shown for the first time in the Boston area at the North Shore Music-Theatre, Beverly on Wednesday afternoon, August 16.

Winner of the coveted Coty Award for the second time, Brooks designs for the theatre and his own thriving New York couturier collection.

Top women golf champions representing clubs throughout the Bay State will compete in the 2nd annual Tournament of Women Golf Champions at Glen Ellen Country Club in Millis on Thursday, Aug. 17.

A practice round for the distaff champs will be conducted on Wednesday, Aug. 16.

The tournament is open to all 1966 club champions in the state. However, if a club has determined the 1967 champion prior to the entry deadline of Aug. 7, the new champion will be eligible.

Metropolitan Opera artists will appear at the Verdi Festival to be held Aug. 17 through 26 at Festival Field, Newport, R. I.

Opening on Aug. 17 will be "Macbeth" starring Grace Bumbry, Kostas Paskalis and Peter Glossop.

Virginia Zeani, Eugenio Fernandi, Mr. Paskalis and Bonaldo Giaiotti will appear in "I Vespri Siciliani" beginning on Aug. 23. Completing the repertory will be "La Traviata" on Aug. 19, "Il Trovatore" on Aug. 22 and "Otello" on Aug. 25.

Brochures are available from the Metropolitan Opera at Newport, Casino Building, Bellevue Avenue, Newport, R. I. 02840.

(Continued from Page One)

nia, West Virginia, and Puerto Rico.

The Earth stations will be an important part of the expanding world-wide commercial satellite communications network. Operating in conjunction with the INTEL-SAT series of communications satellites, the Earth stations will carry multichannel telephone, facsimile, telegraph, and data transmission circuits as well as international television.

Raytheon will supply and install the multiple carrier microwave radio and baseband equipment together with integrated station control, test and monitor facilities for routing traffic and for supervising the performance of each channel.

A \$1,200,000 modification to a previous contract to rebuild stabilized magnetron assemblies for the Hawk missile system has been awarded to Raytheon Company by U. S. Army Missile Command, Huntsville, Ala.

Work on the contract will be done at the company's missile systems division plant in Andover.

The water at Ponds Pond is being treated with a diluted solution of copper sulfate which will kill off algae which is causing the pond to give off an unpleasant odor.

Health authorities have determined that the water is perfectly safe for swimming. Chemical treatment of the water will in no way interfere with the summer recreation program or affect the safety of water for children or adults.

Frank Damrell, 14 Oriole Dr., has reported to police that his house was ransacked sometime between 2:45 and 5:25 p.m. on July 31.

A color TV worth nearly \$500, jewelry, a radio, an electric knife and other articles still to be itemized were taken.

Police are searching for two men seen in the area about the time of the break.

## USAR Offers Career Course

Col. Raymond G. Chesley, Commandant of the 1037th ARSU Lowell USAR School, Lowell, has announced the beginning of a concerted effort to assist Army Reserve and National Guard Officers in the North Shore Area to become qualified for promotion in their respective branches and to earn points toward a reserve retirement pension.

Col. Chesley pointed out, at a recent staff planning conference, that many Reservists are unaware of the available means for obtaining retirement points and learn, too late, that they have lost one or more years credit toward retirement.

The School offers the "USAR School Officer Career Course", a four year program consisting of twenty-four (24) reserve duty class meetings and a fifteen (15) day active duty period each year. No class periods are scheduled during the summer months.

Additional information can be obtained by telephoning the Lowell U. S. Army Reserve Training Center, 154 Moody Street, Lowell, Massachusetts, 454-1652 or 458-2252 during normal working hours (0800-1630).

## Howe Suggests Educators Should Broaden Horizons

In a recent speech at Stanford University, Commissioner of Education Harold Howe II called for a radically different kind of urban education "to prevent the coming generation of racially isolated minorities from being trapped in the ghetto."

Howe, a former Andover resident and teacher, proposed that urban educators start paying attention to neglected matters such as tax policy, site selection and multiple use of land and buildings.

"We should, now and then forget about computer-assisted instruction and team-teaching and non-graded classes and dream a little bit, not about what kind of city school we want, but about what kind of city we want."

"We will never have first-rate schools unless we have first-rate cities . . . It's time educators realize that cities are their business . . ."

The Commissioner suggested, as a start toward finding funds for further renovating cities and their school systems, that cities talk their state legislators "into allowing them to alter the present structure of property taxes."

"Under present methods," he said, "with taxes based mainly on the value of a building, not on the value of the land it occupies, it's

more profitable for a slum landlord to let his aging tenement sit and decay while he pays low taxes on the building and the site rather than develop the site or sell it to a private builder who will."

Howe said the idea of an education park "makes no sense at all" unless it provides every child with a totally new set of opportunities not found in his present schools.

But he suggested that "we might dream . . . about a living park: A building that would integrate retail stores, banks, a medical center, restaurants, offices and apartments, a building that would not only house and employ people but would at the same time educate their youngsters from pre-school through high school."

"Think," he continued, "what a natural dent we could make in big city segregation - racial, social and economic - if instead of having a bus driver bring 50 children to school, their own fathers and working mothers brought them to the office - to a school which was right there. The children of bankers, dentists, secretaries, butchers, elevator operators, accountants - black and white, rich and poor, blue-collar and white-collar - all going to school in the same place."

Crippling disorders prevent almost one in six Americans from leading what is termed a "normal" life.

## Alumnae Plan Year

A meeting was held this past week at the home of Mrs. Samuel S. Greenstein in Lowell to plan events for the coming year for the Merrimack Valley Wheaton Club. Officers for the year 1967-68 were elected at the annual meeting in May held at the home of Miss Barbara A. Loomer in Andover. They are Mrs. Samuel S. Green-

stein of Lowell, president; Mrs. Virginia Rogers Miller of Lowell, vice president; Mrs. Nathaniel Smith of Andover, secretary; and Miss Barbara A. Loomer of Andover, treasurer.

Meetings arranged for next year are planned around the theme "An International Year" and will be held in Andover and Lowell. Members of the Merrimack Valley Wheaton Club live in Andover, Georgetown, Haverhill, Lawrence, Lowell, Methuen, North Andover, Wilmington and North Hampton, N. H.

## Lane Godden

Mr. and Mrs. Harry McClure Godden of 45 Sunset Rock Rd., announce the marriage of their daughter, Louise Fisher, to Robert Anthony Lane, son of Mr. and Mrs. Robert Edward Lane of 68 Park St., also of Andover, on July 8 at Derry, N. H.

The bride is a graduate of Rogers Hall School.

The bridegroom attended Merrimack College and is now employed by Weston & Thurston Co., Boston.

Sharon Morris

## Miss Morris Will Teach

Miss Sharon Morris, daughter of Mr. and Mrs. Richard J. Morris of 1 Arcadia Rd., has accepted a position as instructor in the English and speech department at Vermont College for Women, Montpelier, Vt.

A graduate of Marymount College in Tarrytown, N.Y., Miss Morris is presently finishing her requirements for her master's degree at Adelphi University in New York. While there, she is directing Peter Pan at the Adelphi Summer Theatre.

## Beauty Race Is Announced

Forest Lake Assn. of Methuen will hold its annual water carnival, Miss Forest Lake Contest and Camper Get-Together on Aug. 19.

The last parade and last races are open to paid-up members of the association, and the Miss Forest Lake Contest is open to all single girls 16 years and over from Greater Lawrence.

Any girl wishing to enter the Miss Forest Lake Contest may leave her name at the Cove or the Leaderkanz Camp at Forest Lake.

A chicken pie supper will be served at 6 p.m.

Any boy or girl between 9 and 19 years of age can participate in 4-H.

## ABC

(Continued from Page One)

program in the public schools. The first was Hanover, N. H.

There are white, Negro and Puerto Rican boys in the Andover group. They come from communities as far North as Rochester, N. Y. and as far South as Miami, Fla. All said Sunday that they are impressed with the physical appearance of Andover and ready to tackle the adjustment they must make to dormitory living and study in unfamiliar surroundings.

Three of the boys interrupted their tour of the Main Street dormitory to answer a few TOWNSMAN questions. Included were Larry Osborne of Chicago, Ill., Ellis Rowe of Miami, Fla. and Angel Dominguez who is a native of Puerto Rico.

Larry Osborne is an ABC student because he was having a difficult time with school. His family has moved back and forth between Chicago, West Virginia, Virginia and Kentucky so many times that Larry has been unable to bring his school record into line with his academic potential.

He is still uncertain, but right now Larry thinks he would like to prepare for a career as an interpreter of Spanish.

Angel Dominguez comes to Andover from Brentwood, N. Y., where he would have spent the next year in a foster home if ABC had not come his way.

Angel took the ABC qualifying test in New York City and was surprised that he passed. How does he look upon the opportunity for an education in Andover? "ABC is the biggest chance I have had in all my life," he said Sunday.

The young Puerto Rican wants to be a rocket engineer. Before his home life in Puerto Rico was interrupted, Angel had launched 32 homemade rockets. He had a small lab and the help of a university and one branch of the U. S. military with his experiments, but all that is left are the documents he was able to bring with him to the States for what was intended as a temporary stay. Angel says he was an extreme individualist when he arrived at Dartmouth a few weeks ago. Now, he says, he is learning how to cooperate.

Ellis Rowe, a husky boy with an athlete's physique, is from Miami, Fla. He is interested in science and leans toward the idea of being either a doctor or a physicist.

He is enrolled with ABC because a school counselor advised him that he should try to arrange to study where the science facilities and instruction were better than those available to him at home.

Will programs like ABC, which offer help to relatively few of those from urban areas who could use such encouragement, have any

effect on the sort of conditions that have led to recent riots and other civil disobedience?

The boys have discussed this topic in full sessions at Dartmouth without reaching any firm conclusions.

They feel generally, says Ellis Rowe, that it all depends on how many of them go back to their own communities and work for improvements.

"If we do get the chance and make good and then go back where we came from, and make those areas stand out, it will help," he said.

As for the riots, Ellis said that he and the others feel there may be more to them than racial discontent.

Larry Osborne adds that he has seen a great many young people - black and white - in the slums of Chicago who are lost in a world of pot, drugs and alcohol. "They don't know what they want," he says. "They just want to escape."

ABC officially took title to its dormitory last Thursday evening. A majority of the ABC board was present at the dormitory purchase, as well as Mrs. Beverly Darling, former owner and her attorney, Edward F. Clegg, Richard M. Sullivan acted as notary for the ABC committee, and Richard MacGowan represented the Andover Savings Bank, which holds the mortgage.

Robert Klie, president of the ABC committee, and Mrs. Jerome E. Andrews Jr., treasurer, authorized the mortgage and note. Also signing for ABC were the following members of the board: Mrs. George H. Bixby, Mrs. Robert Klie, Mrs. Max D. Russell, Atty. Richard Savrann, William Scheerer, James Simmons, William V. N. Washburn and Norman Vlehmenn.

## Young GOP's Seek Members

The Greater Lawrence Young Republican Club is conducting a drive through the month of August to increase its membership which presently stands at 30.

People interested should contact Daniel J. Dodson at 10 Belmont St., Methuen.

At a recent meeting, the club voted to hold a candidates night in connection with the upcoming special election for a 12th district vacancy in the House. It is scheduled for Aug. 31 and coordinated with the group's regular meeting.

## Pamela Wilson Plans Marriage

Mr. and Mrs. James D. Wilson of 88 Lowell St. announce the engagement of their daughter, Pamela Margot, to Michael Samuel Passinite Jr., son of Mr. and Mrs. Michael S. Passinite of Mountain Top, Pa.

Miss Wilson graduated from Andover High School with the class of 1965, and both she and Mr. Passinite attended Keystone Junior College in LaPlume, Pa.

Having completed his active duty with the Marine Corps Reserve, Mr. Passinite is now associated with Passinite Oil Service Co. A spring wedding is planned.

Pamela M. Wilson

## Miss Smith Is Engaged

Mr. and Mrs. LeRoy T. Markert of West Buxton, Maine and Andover announce the engagement of their daughter, Joyce Carolyn Smith, to Howard Joseph McKew, son of Mr. and Mrs. Charles A. McKew of 128 High St.

Miss Smith is the daughter of the late Harold Smith of Andover. She is a graduate of Andover High School and attends Chandler School for Women in Boston.

Mr. McKew was graduated from Central Catholic High School in Lawrence and Franklin Institute, Boston. He is employed by Shooshanian Engineering Co. in Boston.

Joyce C. Smith

## Swenson - Svenson

Garden flowers decorated Sylvia Pratt Kemper Chapel at Phillips Academy for the July 22 marriage of Dorothy Jean Swenson, daughter of Mr. and Mrs. Wilfred R. Swenson of 226 N. Main St., to Charles Roland Swenson, son of Mrs. Herman Swenson of Lawrence and the late Mr. Swenson.

Rev. A. Graham Baldwin officiated at the ceremony.

Given in marriage by her father, the bride wore a sleeveless street length dress of a white metallic fabric, elbow-length gloves and a shoulder tip veil held by a tiarra of pearls. She carried a cascade of white carnations with ivy leaves. Her only attendant was Mrs. Wilfred R. Swenson Jr., matron of honor and sister-in-law of the bride. She wore an apricot street length dress with a beaded neckline and carried a bouquet of white and apricot carnations.

For her daughter's wedding, Mrs. Swenson chose an aqua dress worn with white accessories. The mother of the bridegroom wore an off-white metallic dress trimmed in rose and green. Both women wore white orchid corsages.

Rodney H. Swenson of Holden was his brother's best man and ushers were Wilfred R. Swenson Jr. of Lawrence, brother of the bride, and Frank Stewart, also of Lawrence.

A reception was held at Maison DeBrette, Lawrence after which the couple left for a wedding trip through New England and New York. They will make their home at Fordham Way, Newburyport, Mass.

The bride, a 1966 graduate of Andover High School, is a poodle groomer and a member of the

## Longy Instructor Will Perform

David Pizarro, instructor of organ at Longy School in Cambridge since 1965, will play the seventh of the summer season concert at Methuen Memorial Music Hall on August 9 at 8:30 p.m.

The summer concerts are held each Wednesday evening through Aug. 30 and rebroadcast on station WCRB, Boston on Saturdays at 5:30 p.m., starting Aug. 5.

Organist David Pizarro studied at Yale and then grants afforded him two years study at the State Academy for Music in Detmold. His teachers include Norman Coke-Jephcott, Bozyan, Noss, Kirkpatrick, Schneider and Dupre. He had made four European tours and has a fifth scheduled for 1968.

His program on Aug. 9 will include La Romanesca con cinque mutanze-Antonio Valente; Fantasia - Johann Jakob Froberger;

Prelude and Fugue in F Minor - Johann Ludwig Krebs; Andante in D Major - Johann Ludwig Krebs; Prelude, Largo, and Fugue in C minor - J. S. Bach; Diferencias sobre La Follia (1966) - Nicholas Van Slyck; Musique Heroique (La Majeste - La Grace - (Gravel) - La Generosite) - Telemann; Lamento - Marcel Dupre, Cortège

et Litanie.

On Wednesday evening, Aug. 16, Emory Fanning, Faculty of Boston University will play at Methuen.

## Andover Parents Attend Meeting

Two Andover couples attended a meeting of the Massachusetts Parents Association of Deaf and Hard of Hearing Children held in Boston. They were Mr. and Mrs. Jack Heeg of Ballardvale Road and Mr. and Mrs. Arland Atkins of Yale Road.

This association has been meeting bi-monthly since June to discuss the problem of educating deaf and hard of hearing children. The problem is considered critical because of the some 3400 hearing-handicapped now in the state as a result of the rubella (German measles) epidemic in 1963-64.

Sen. Kevin B. Harrington is proposing legislation calling for a thorough study of the problem.

## AMERICANS CARE

Most donors to CARE are average Americans of moderate means—last year, the average contribution was \$7.62. Funds sent to CARE, New York 10016, are used to provide food, self-help and medical aid for needy people in 36 countries.

## Elsewhere

A tree identification walk will be conducted at the Ipswich River Sanctuary, Perkins Row, Topsfield at 9:30 a.m. tomorrow, Aug. 4. Trees native to this area will be pointed out and discussed. This walk is planned for teachers and group leaders.

During August a training program in plant and animal identification, natural history and ecology will be held at Ipswich River Sanctuary, Perkins Row, Topsfield on Tuesday and Friday mornings, 9:30-12. These sessions are organized for volunteers who lead groups through the Sanctuary. Teachers and group leaders are welcome to join who are interested in learning more about nature and how to help children develop an awareness and appreciation for it. Meetings will be held in the barn and out on the grounds. This course is free to volunteers and members of Massachusetts Audubon Society; for others, a fee of \$1.00 each meeting. For more information, please call the Sanctuary.

### CERTIFICATE

## Abell - Prout

The marriage of Moira Kathleen Prout, daughter of Mr. and Mrs. James G. Prout Jr. of 13 William St. and Peter Bruce Abell, son of Mr. and Mrs. Stephen W. Abell of Pittsfield on June 30 at St. Joseph's Church in Ballardvale is announced.

Rev. James A. Wenzel officiated. A reception at the home of the bride's parents followed.

The bride attended Newton Country Day School of the Sacred Heart and Oliver College. Mr. Abell attended Pittsfield Schools and the United States Naval Academy at Annapolis.

Donna F. Pepin

## Engagement Is Announced

Mr. and Mrs. Henry A. Pepin of 8 Fox Hill Rd. are announcing the engagement of their daughter, Donna F. Pepin, to Wayne M. Lemay, son of Mr. and Mrs. Euclide Lemay of Lawrence.

Miss Pepin graduated with the class of 1967 at Andover High School and is employed by Liggett Rexall Drugs at Shawshen Plaza. Her fiancé is a graduate of Lawrence High School and is employed by Honeywell's Electronic data processing division in Lawrence. He has enlisted in the United States Air Force and will report for duty Oct. 12.

Wedding plans are indefinite.

### FIRE DAMAGES ANDOVER HOME

Boys playing with matches caused a fire last week which did serious damage to one bedroom in the home of Mr. and Mrs. Louis L. Bourbeau, 35 Argilla Rd.

The parents had left early the day of the fire for a vacation in Pennsylvania, leaving their children with a housekeeper.

Police contacted the family by teletype.

## Deafness Film

The film "Silent World, Muffled World" will be shown at the parsonage of the Ballard Vale United Church at 20 Hall Ave. on Aug. 8 at 8 p.m.

The film is a comprehensive review of the history of the education of the deaf. It also deals with current research in the field of deafness.

Showing the film will be Clifford Lawrence, director of the deaf adult project of the New England Rehabilitation-For-Work Center in Boston.

Church officials believe that the film and discussion following will be of particular interest to parents of deaf children and they are especially urged to attend.

## Van Everen Seeks Degree

Brooks Van Everen of Braintree, a former Andover resident and the son of Mrs. Louise Van Everen of 77 School St., is enroute with his family to the University of Colorado where he is to begin studies for his PhD in history.

A graduate of Boston University, Mr. Van Everen received his master's in history there in 1961. During the year 1960-61, he also held an assistantship in the history department at BU.

He joined the faculty at Massachusetts Bay Community College in 1961 as an instructor of history and government and became an

assistant professor and chairman and coordinator of the social science division there in 1963.

Since 1965 he has been an associate professor in history and an associate dean of the faculty.

A veteran of service with the Army, he served in Korea prior to his discharge in 1956.

For safe boating throughout the season keep away from other boats on the water, cautions Thomas J. Legere, state director of motorboats, Massachusetts has room for all of its 100,000 registered motorboats of five horsepower or more. There is in this state 1,980 miles of coastline on the Atlantic Ocean, 4,230 miles of rivers, and 1,100 lakes and ponds.

Photo of Spacious Pleasure Lanes.

Bowling is the one sport for everyone - men, women and children of all ages. It is the most popular participant sport in the United States today. Visit beautiful Pleasure Lanes on Route 28 in North Reading soon and enjoy Ten Pin Bowling in cool, air conditioned comfort.

There is no age barrier when it comes to the sport of bowling. Pleasure Lanes has Junior Leagues for the youngsters, including those too small to make the varsity football team; Women's Leagues, which provide a relaxing break for the overworked housewife; Couples Leagues; and Senior Citizens Leagues, which enable men and women of retirement age a chance to enjoy some fun, exercise and companionship inexpensively.

There is no better way to introduce yourself to bowling than to try it first hand. You can rely on Emile Boucher, the friendly owner and manager of Pleasure Lanes, and his certified instructors for advice. Don't hesitate to call them and start on your way to bowling enjoyment. National TV Bowling Shows have created new heroes on the sport scene, heroes we can all emulate, young or old, with a few simple lessons.

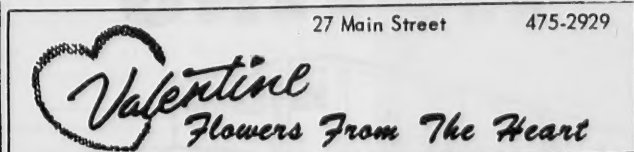

Remember, bowling is a sport, not a business. It fits into the President's Physical Fitness Program and can strengthen a paraplegic's limbs or provide an incentive to lose weight and have fun at the same time. Bowling is a

unique sport since all youngsters in a bowling league have an opportunity to participate, and it is a sport that they can continue to enjoy all their lives. Bowling teaches coordination, gives a child social experience and may afford many children one of the few opportunities to excel in a sport.

You may register now for fall leagues of all types which are presently forming at Pleasure Lanes. Instruction is free, given by competent, certified instructors. Women's daytime leagues are offered at special prices and include baby-sitting in their modern, fully equipped nursery.

Plan to visit Pleasure Lanes soon, located on Route 28 in North Reading. For information or league reservations, phone 664-2619.

## TOWN OF ANDOVER

PUBLIC HEARING  
PLANNING BOARD

In accordance with Chapter 40A, Section 6 of the General Laws, notice is hereby given that the

Planning Board will hold a public hearing, Monday, August 14th, 1967, Town Hall, 2nd floor, for the consideration of the following amendment:

To see if the Town will vote to delete the present Paragraph E. (Removal of Material) from Article VIII, Section VI, in its entirety and substitute the following new Paragraph E, therefore:

## SECTION VI. OTHER REQUIREMENTS

## E. Removal of Material

1. No person shall remove any soil, loam, sand, or gravel in excess of one cubic yard from any land not in public use, in any part of the Town, without complying with one of the following procedures:

## 1.1 General Permit

a. For general removal (sand pit) operations, a written permit must be obtained therefore, from the Board of Selectmen after a public hearing, at which time all interested persons shall be given an opportunity to be heard. At least fourteen (14) days notice of the time and place of such hearing shall, at the expense of the applicant for a permit, be published in a newspaper of general circulation in the Town.

b. Before granting any such permit the Board of Selectmen shall give due consideration to the location of the place from which it is proposed to remove soil, loam, sand or gravel, to the general character of the neighborhood sur-

rounding such location and to the effect of the proposed removal on such neighborhood, to the amount of noise, dust and vibration likely to result from the proposed removal, to the extent, depth and contour of the location and surrounding neighborhood from which such removal is proposed, to the general safety of the public on the public ways giving access to and in the immediate vicinity of such location and to the use to which such location has been put prior to the application for a permit. No permit granted by the Board of Selectmen shall be valid for a period in excess of three years from its date of issue.

c. As a part of and set forth in any such permit the Board of Selectmen may impose such reasonable restrictions and conditions on the exercise of the permit as they deem to be in the public interest, including but not limited to the following:

- 1, the duration of time during which the permit may be exercised;
- 2, the extent, depth and contour of the area of removal;
- 3, the grade of the slope of the banks of the area of removal;
- 4, the proximity of such removal to any public way;
- 5, the hours of the day during which such removal may be permitted;
- 6, the hours of the day during which vehicles may be loaded with soil, loam, sand and gravel and during which such loaded vehicles may be permitted to leave such location;
- 7, the use of covers over the soil, loam, sand or gravel loaded in vehicles for removal from the area;
- 8, the shoring and reinforcement of the banks of any excavation; and,
- 9, the placement of top soil and the replanting of the area of removal and screening the same from public view.

1.2 Soil Removal Incidental to Development & Construction  
a. Where soil is to be removed in connection with the preparation of a subdivision, soil, loam, sand or gravel may be removed solely from the road areas down to grades indicated on the subdivision plan only after the approval of said plan by the Planning Board and issuance of a "utility inspection card" by the Planning Department.

b. Where soil is to be removed in connection with the preparation of a specific site for building, sand and gravel may be removed only after the issuance of a Building Permit by the Building Inspector. No loam, whatsoever, may be removed from the building site, but must be retained on the premises for regrading subsequent to completion of building. The use of covers on vehicles over the material being removed is mandatory.

1.3 Miscellaneous Removal of Soil (Small Quantities)  
Where the removal of quantities of soil in excess of one cubic yard but less than twenty are proposed, the Town Engineer and the Building Inspector may issue a Mis-

## Campers Explore At Maude Eaton

Andover Girl Scouts have been dominating the scene at Camp Maude Eaton the past two weeks.

In the top photo Susan Dinteman and Cathy McCarthy examine the skull of a cow and a live turtle.

In the lower photo, five Andover girls lead a hiking group. Right to left they are Christine Remington, Michelle Meuse, Kelly McCafferty, Elizabeth Flynn and Sally Hedrick.

## Canobie Lake Outing Arranged For Aug. 8

Youngsters planning to go on the annual Canobie Lake outing sponsored by the Andover Recreation Department in connection with its summer program must purchase or reserve bus tickets by tomorrow, Aug. 4.

The trip is scheduled for Aug. 8, with Aug. 10 set as the alternate rain day.

Leslie Bartow, recreation director, reports that outing tickets will sell for 60 cents and include bus transportation, milk and ice cream. Children are to bring their lunch.

Buses will collect passengers at each of the town's five playgrounds at 9:30 a.m. and leave

about 10 a.m. for the Central Playstead where the loads will be balanced. Children who miss the bus in their neighborhood can join the group here, Bartow said.

Buses will return to each of the town's playgrounds about 4:30 p.m. Youngsters making the trip must return with the group and any child who is under eight years of age must be accompanied by a parent or an adult baby sitter.

None of the playgrounds will be open for regular sessions on the day of the outing since the full staff will accompany those making the trip. In addition, there will be no evening hours at the Ballardvale Playground on that day.

## Team Sports Are Available

Young people 12 years of age and over who are interested in summer playground activity are encouraged to take Pumps Pond buses to Andover Recreation Park for a sport's program designed to interest older children.

Recreation director Leslie Bartow reports that softball, basketball, soccer and touch football teams are organized there for competition.

His department has both the

manpower and facilities at the park for this kind of activity

## Consult

DOUG HOWE

**About This Question:**  
"Too many trips are spoiled by auto accidents and other injuries, or having luggage and belongings stolen or lost. You end up spending your money for medical costs or new belongings. Does your agency supply this new Trip Accident and Baggage insurance?"
